KeyLux Umbrella - Key Trends UCITS A-USD (Accumulation) LU0904234449

This SICAV is managed by KEYQUANT SAS

Objectives and investment policy

The Fund invests in a broad spectrum of futures quoted on the most liquid regulated markets. These markets are predominately US markets although the Fund may also invest in non US markets. The futures will be on stocks indices, bonds and currencies.

Approximately 80% of the Fund's assets will be invested in cash, government debt securities, money market instruments, money market and bond UCITS, similar short term securities and instruments of first class credit rating issuers.

The Fund may as well use currency forward contracts, futures or other financial derivative instruments to hedge currency risk of investments issued in a currency different from the base currency of the Fund.

The investor can buy or sell shares of the Fund on the last business day of each week, and on the last business day of each month (if not a business day in Luxembourg, the first following business day).

Income of the Fund is reinvested.

Recommendation: The Fund is not sustainable for investors with less than 3 years investment horizon.
